Proposed Language

Article II. Student Senators

Section 1. General Duties

- A. A Student Senator shall attend all General Assembly meetings.
- B. A Student Senator shall serve as an active member on at least one committee of the Student Senate.
- C. A Student Senator shall convey concerns of constituency to the General Assembly.
- D. A Student Senator shall maintain at least one scheduled office hour a month.

Rational

The idea was raised to have Student Senators serve one “office hour” a month by having a table at the lunch hour outside of the dining facilities two days a week. This would allow students to be more aware of Senate and walk up with a constituent concern. This would also give Senators a more intentional method of getting constituent concerns.
